LEICESTERSHIRE

FIRE and RESCUE SERVICE

Status of Report: Public Agenda Item: 11

Meeting: Policy Committee

Date: 4th March 2015

Subject: Medium Term Financial Plan 2015/20

Report by: The Chief Fire and Rescue Officer and the Treasurer

Author: Trevor Peel (Director of Finance and Corporate Services)

For: Discussion

1. Purpose

The purpose of this report is to update the Policy Committee on the 2015/16 Annual Budget and to present the draft Medium Term Financial Plan for 2015-20 following the Combined Fire Authority's (CFA) decisions on the Integrated Risk Management Plan (IRMP) at its meeting of the 11th February 2015.

2. Executive Summary

- 2.1 The CFA agreed a gross volume standstill budget for 2015/16 of £38,035,290 and a final budget requirement of £37,123,957. It agreed a Council Tax for 2015/16 and authorised the Treasurer to raise the precept. The budget for 2015/16 has now been revised due to the receipt of detailed Business Rate income forecasts (NNDR1s) from the Billing Authorities (Appendix 1) and a revised Council Tax Collection Fund Surplus. The report contains proposals and recommendations for the £227,412 additional income generated.
- 2.2 In addition, Members are asked to note the medium term financial position for the period 2016/17 to 2019/20 (as shown in **Appendix 2**) and the anticipated future financial impact of further reductions to funding. A detailed list of growth and savings that have been agreed by the CFA over this period is shown in **Appendix 3** and a draft Capital Programme 2015-20 is shown as **Appendix 4**.

3. Report Detail

Revisions to the 2015/16 budget

3.1 The Department for Communities and Local Government (DCLG) announced the final 2015/16 settlement on the 10th February 2015. As verbally updated at the CFA meeting of the 11th February 2015, there were no changes to the provisional settlement received by the CFA on the 18th December 2014.

- The CFA on the 11th February 2015 set a total final budget requirement of £37,123,957. After carefully considering all of the options available to it, the CFA set its tenth Council Tax at £60.43 for a Band D property (a 1.99% increase). The property tax base was 295,651.02. In total a sum of £17,866,516 is due to be raised from Council Tax in 2015/16 with a further £269,906 expected from the 2014/15 Council Tax Collection Fund Surplus.
- Following receipt of updated information, the Council Tax Collection Fund Surplus for Harborough District Council has been increased by £4,033, from £13,820 to £17,853. The revised total Collection Fund Surplus is now £273,939 and this revision is reflected in the Revenue Spending Power in **Appendix 2**.
- The Billing Authorities were required to submit their forecasts for business rate income (NNDR1) to DCLG on the 31st January 2015. The forecast business rates and Section 31 grant income for each billing authority is shown in **Appendix 1.** This has been matched to the DCLG estimate and will generate additional income for the CFA in 2015/16 of £223,379 (£133,498 on Business Rates and £89,881 on additional Section 31 grant).
- 3.5 It is proposed that of the total additional income of £227,412 in 2015/16, an amount of £114,000 is transferred to a new earmarked reserve as the CFA's equal share of the potential costs arising from Fire Control collaboration with Nottinghamshire Fire Authority. This will match the financial contribution already set aside by that Authority. It is further proposed that the remaining £113,412 is transferred to the General Reserve. This has the effect of reducing the 2015/16 funding requirement from the General Reserve from £195,459 to £82,047 as reflected in **Appendix 2**.

Medium Term Financial Plan (MTFP) - Revenue Spending Power

- 3.6 The final settlement did not provide any financial details beyond 2015/16 due to the impending General Election in May 2015. On Local Government future funding, there are huge differences emerging between commentators on the extent of the cuts to come. The Office for Budget Responsibility is suggesting that 60% of the cuts remain whereas the Treasury asserts that further welfare cuts and taxavoidance measures mean that the figure is only one-third.
- 3.7 **Appendix 2** sets out projected expenditure and income for the period 2016/17 to 2019/20 and is based upon the annual budget for 2015/16 that was agreed by the CFA. In order to look at the likely position for future years it has been necessary to make a number of assumptions in respect of both income and expenditure.
- 3.8 In agreeing the 2015/16 budget, the CFA increased Council Tax by 1.99% setting the rate for a Band D Property at £60.43. An increase of 1.99% is applied for each year from 2016/17 to 2019/20. This is in line with the current maximum allowed within the referendum limit. It has been assumed that the Council Tax Base will continue growing in the medium term. For the MTFP the growth assumed of 0.5% has been based on the growth in 2011/12 reported by the Districts and Unitaries prior to the introduction of localised Council Tax Support.
 - 3.9 Pixel Financial Management act as external advisers to the Treasurer in providing

information and analysis on the Settlement. They have developed a future forecasting funding model for the CFA and the information contained in this model is represented in the MTFP. This highlights the likely future funding from DCLG in respect of Revenue Support Grant, Redistributed Business Rates, Business Rates Top Up and Section 31 grant for Business Rates Adjustment. This indicates that in 2016/17, funding from DCLG will reduce to £14,917,990 from £16,681,464 in 2015/16 (a reduction of 10.6%). This downward trend is predicted to continue throughout the MTFP.

3.10 The Fire Revenue Grant (New Dimensions) assumes a 1% increase in grant for each year, whilst the Firelink revenue grant assumes an increase in line with the Consumer Price Index (CPI) (1.3% as of October 2014). The CFA income is also assumed to increase in line with CPI.

Medium Term Financial Plan (MTFP) - Expenditure

- 3.11 In terms of expenditure, an allowance has been included for forecasted increases to pay of 1% in 2015/16 and then 2% in each subsequent year. The only non-pay allowances for inflation in the MTFP is for anticipated increases in business rates (in line with the Retail Price Index (RPI), 2.3%), and heating and lighting (at CPI 1.3%). No inflation is added for fuel costs and travel and subsistence rates. Provision is made within the Volume Standstill budget for increments for support staff in April each year in line with their national terms and conditions.
- 3.12 The MTFP reflects the future year's effect of the agreed growth and savings for 2015/16 and the draft Capital Programme for 2015-20. An analysis of the growth and savings over the MTFP period is shown in **Appendix 3**. This has been updated from that presented to the CFA in February 2015 to include the effect of the CFA's agreed decisions on the 2015-20 IRMP. The MTFP reflects the ongoing revenue impact of the Capital Programme. A draft Capital Programme for the period 2015-20 is attached at **Appendix 4**.
- 3.13 The MTFP assumes that the General Reserve will be maintained at 5% until 2019/20.
- 3.14 The CFA at its meeting in February 2015 agreed a balanced budget for 2015/16. The MTFP is based upon the IRMP savings agreed by the CFA in February 2015 and also the current CFA position that that no wholetime operational staff redundancies are made. On this basis it can only be possible to produce a balanced budget in 2016/17 if a significant amount of the unallocated general reserve is used to support the budget. The MTFP forecast continues to show significant funding shortfalls in the years between 2017/18 and 2019/20.
- 3.15 The forward estimates from 2016/17 for Council Tax are not fixed and do not commit the CFA.
- 4. Report Implications / Impact
- 4.1 Legal (including crime and disorder)

All legal implications are contained within the main body of the report.

4.2 Financial (including value for money, benefits and efficiencies)

These are included in the main body of the report.

4.3 Risk (including corporate and operational, health and safety and any impact on the continuity of service delivery)

The CFA had to set a budget for 2015/16 within available resources which ensures that the CFA has sufficient reserves to meet financial risks that might occur. The CFA has to live within its financial resources and there is a serious financial risk if the revenue budget is not managed appropriately. The CFA has to agree the use of any of the Financial Reserves set aside for this purpose in the Annual Budget.

4.4 Staff, Service Users and Stakeholders (including the Equality Impact Assessment)

Employee costs account for just under 72.2% of the CFA's 2015/16 agreed budget, with a further 1.8% being spent on indirect employee expenses. The restrictions being enforced as a result of budget planning will impact upon these budgets.

4.5 Environmental

None.

4.6 Impact upon Our Plan Objectives

The delivery of the Our Plan Objectives is to some extent resource dependent and this report is therefore relevant to the achievement of the Our Plan Outcomes.

5. Recommendations

The Policy Committee is asked to:

- a) Note the report
- b) Agree the transfer of £114,000 to a new Earmarked Reserve for costs relating to the Control collaboration and to transfer £113,412 to the General Reserve. The transfers are to be funded from additional business rate and Council Tax collection fund surplus income as noted in paragraphs 3.3 to 3.5.

6. Background Papers

- a) Budget 2015/16 (CFA Report 11th February 2015)
- b) Organisational Change Project Integrated Risk Management Plan Consultation Outcomes (CFA Report 11th February 2015)
- c) Medium Term Financial Strategy 2013-16 (CFA Report 12th December 2012)

- d) Local Government Finance Settlement (Policy Committee Report January 2015)
- e) Local Government Finance Settlement (Overview and Scrutiny Committee Report January 2015)

7. Appendices

- 1. 2015/16 Business Rate Income Forecasts
- 2. Draft Medium Term Financial Plan 2015-20
- 3. Growth and Savings 2015-20
- 4. Draft Capital Programme 2015-20
