FIRE and RESCUE SERVICE

Status of Report: Public Agenda Item: 12

Meeting: Policy Committee
Date: 27th August 2014
Subject: Arrangements for the recruitment of the next Chief Fire and Rescue Officer
Report by: The Chief Fire and Rescue Officer
Author: Sam Maher (Director HR & Cllr Development, East Midland Councils)
For: Decision

1. Purpose

The purpose of this report is to set out the proposed salary and arrangements for the appointment of the next Chief Fire and Rescue Officer (CFO) for consideration by the Policy Committee.

2. Executive Summary

The proposed salary for the next CFO together with details for the process and timetable for the recruitment process are proposed enabling an appointment to be made in January 2015 in the expectation that the next CFO can take up appointment upon the retirement of the current CFO or very shortly afterwards.

3. Report Detail

- 3.1 Members of the Policy Committee will be aware of the planned retirement of the current CFO at the end of April 2015. The Chair and Group Leaders of the Combined Fire Authority (CFA) have asked the current CFO and Sam Maher (East Midlands Councils) to support the CFA with the appointment process for the post.
- 3.2 Initial discussions with the Chair and Group Leaders has taken place as part of succession planning and they have indicated a preference for the post to remain as a Chief Fire and Rescue Officer / Chief Executive Officer one with a uniformed operational role.

Salary

- 3.3 It is timely for the salary for the post to be reviewed and agreed by Members. The salary level would need to be sufficient to attract high-calibre applicants and maintain an appropriate differential to the tier below, whilst enabling the CFA to manage its costs. It

is suggested that the annual salary is set at £139,320. This would be subject to any national pay award (national pay negotiations are on-going at the time of writing). This proposal reflects the minimum salary level that could be offered, allowing for the differential required by national agreement between this post and the Deputy Chief Fire and Rescue Officer post.

Process

- 3.4 The following sets out a suggested process for the recruitment to the post.
- 3.5 The appointment of the CFO is one which must be made by the full CFA. Under the CFA's Constitution the responsibility for making a recommendation on the appointment of a new CFO rests with the Staffing Committee which comprises of the Chair and Group Leaders (or their nominees). It is good practice to have the same Members involved throughout each stage of the selection process. It is proposed that the Staffing Committee will be advised throughout by the current CFO and an independent HR adviser. East Midlands Councils have been asked to provide this independent support and Sam Maher will undertake that role.
- 3.6 The post would be advertised through the Chief Fire Officers' Association, which is the standard approach for this type of vacancy, as well as the CFA's own website.
- 3.7 The Staffing Committee will short-list the applications received, using the criteria within the person specification. Copies of the job description and person specification for the post are attached as **Appendices 1 and 2**.
- 3.8 The shortlisted candidates will be invited to attend an assessment process during which candidates will be asked to undertake activities that are closely aligned to the role of the CFO and which will enable them to demonstrate whether they have the attributes required to be successful in the role. It is proposed to include the following elements:
 - a written report
 - a presentation
 - an interview
 - two psychometric tests – one will give information on a candidate's managerial ability and one will indicate a candidate's preferred behaviour and working style relating to relevant aspects of the role. These will be conducted on-line in advance to enable probing and feedback on results during the assessment process.
 - meeting Members – within the process it is proposed to include a meeting with candidates and Members, given the importance of effective Officer/Member working and relationship-building to the role of CFO.
- 3.9 It is also proposed to include an opportunity for candidates to meet the Senior Management Team as part of the process, and additionally there will be an opportunity for informal discussions for prospective candidates to have informal discussions with the current CFO in advance to ensure that candidates are fully informed about the role and the organisation.

- 3.10 From the assessment process, the Staffing Committee will be able to gather relevant information about the attributes of the candidates in order to make a selection decision and recommend an appointment to the CFA.
- 3.11 At the next CFA meeting following the selection process, which is likely to be a special meeting in January 2015, the CFA will formally make the appointment to the successful candidate.
