New Year, New Challenge? On-Call Firefighter Recruitment

Leicestershire Fire and Rescue Service are recruiting On-Call firefighters at a number of On-Call stations across Leicester, Leicestershire and Rutland.

Our professional On-Call firefighters play an important role to operational response, working alongside Wholetime firefighters. Being an On-Call firefighter, you will carry an alerter and respond to emergency calls, where you will face all kinds of challenges within your local community helping to make safer people and safer places.

In order to respond to emergencies within set attendance times, you must live and/or work within a set travel time from the fire and rescue station you serve. (This can be discussed and agreed with the relevant managers for each fire and rescue station).

On-Call firefighters do not work full-time, but are paid to spend some periods of their time available on-call to respond to emergency incidents. Many have full-time jobs, others maybe self-employed or stay at home parents.

Could you make a difference to your community, and help contribute to 'safer people, safer places'?

The recruitment website for applications for On-Call firefighter vacancies is now open.

The deadline for submitting an application is **Wednesday 29 January 2020**, so don't delay!

If you are interested in the role and want to find out more, get in touch with your local On-Call fire and rescue station. You may be able to attend their

weekly drill night, where you will find out first-hand about the role and meet your potential future colleagues.

Rick Taylor, Chief Fire and Rescue Officer, said: "On-Call firefighters play a vital role at Leicestershire Fire and Rescue Service and they help us provide the very best service to the local communities we serve.

"We hope to encourage members of our local communities to come forward, find out more about being an On-Call firefighter and ultimately apply for a role.

"This is a real opportunity for honest members of our local communities, who are looking for a rewarding job where they can also give something positive back to their local community."

Notes to Editors:

Interviews can be arranged through prior arrangement with Corporate Communications on the details below.

About the Service

Leicestershire Fire and Rescue Service provides emergency response, prevention and protection services from 20 stations across Leicester, Leicestershire and Rutland. Its headquarters is based in Birstall, Leicester.

During 2018/19, the Service attended 762 road traffic collisions, of which 125 were extrications from vehicles, in addition to 2,569 fires. We carried out 6,746 home safety checks and fitted 4,790 smoke alarms. 279 schools were visited as part of the Service's schools programme, delivering fire and road safety education to pupils. Staff organised or took part in 1,068 community safety events, promoting fire and road safety and arson prevention, and 134 Virtual Fatal Four (VF4) events as part of the Service's young drivers' road safety project.

The Service's prevention, education, enforcement and inspection programmes have resulted in significant reductions in the number of incidents. In the last ten years, fire-related incidents have reduced by over 30 percent.
